

# RGE RD

— EAT OFF THE BEATEN PATH —

RGE RD was conceived from a desire to explore our own province, forge relationships directly with farmers and unlock the tastes of our terroir. Through our hospitality experiences we realized that many people in our province don't taste what is possible in their own backyard. With that in mind, in 2011 we hosted a dinner on a farm where the meal was entirely sourced from food raised and grown steps from the table. The farm was Nature's Green Acres, a small family operation on RGE RD 135 in the middle of the grasslands. From there RGE RD began, an ongoing labour of love motivated by this hunger to introduce guests to cuisine from their region and connect them to producers that support a more intentional and ethical way of growing food.

With a strong focus on wood fire cookery and whole animal butchery we design menus around the seasons and the farms. The relationships with our farmers has grown, as has the community based around sourcing and it has translated to our style of hospitality and food.

It is heartening to know we have seeds in the ground, animals in the pasture, our cellars are full, our supply chain is local.

## BEVERAGE GUIDE

Our philosophy and approach to food is mirrored in the beverage guide; our cocktails are a celebration of Canadian spirits and we choose incredible Canadian craft breweries. We are proud to showcase Canadian wines from coast to coast and international favourites that reflect our appreciation for terroir. Wine is an agricultural endeavour – often grown and cultivated by humble people who have reverence for the land and nature. Our list is a selection that is “off the beaten path” as we favour vintners that reveal the character and essence of a place through wine – regions as diverse and distinctive as Okanagan’s sage-suffused Golden Mile or Chablis’ ancient sea beds.

We aim to represent the best of Canadian producers alongside emerging global talent and iconic crus; these winemakers, distillers and craft brewers pay homage to tradition with utmost devotion to the future through ethical and sustainable practices. More than a list, this document is a travel diary of places we’ve been or long to visit– connected to memory and experience through taste, flavour and aroma.

The guide is curated in joyful collaboration with friends, importers and the RGE RD team under the direction of Caitlin Fulton.
